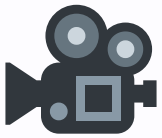
Let's pull

First, grab the course material, and "pull" it into your JupyterHub:

- UP221 Git Puller
  (This link will automatically launch JupyterHub and clone the course material into your directory)

Note that you have to do this at the start of every lecture to get the latest material.

This course will be recorded



Morning Run

A little taste of the Japanese countryside

Agenda

Today's guest speaker

Albert Kochaphum

Albert Kochaphum, UCLA's former GIS Coordinator, is now working for METRO LA as a Digital Communications Administrator. Albert is a strong advocate for social justice, open source technologies, and is an alumn from the UCLA Urban Planning Department. Oh, and he can pretty much code up anything he puts his mind into, even fun role playing games :).

Today's lab

- Point pattern analysis
- Publishing interactive web content

Assignments

Final project storymaps due next week

- Submission guidelines
- Everything else due finals week
